by Randy Venturacci, Applicant to appropriate the

Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The Nevada State Engineer's office, Division of Water Resources, has determined the Warm Springs Basin as designated and has previously denied new appropriations for irrigation use by Ruling No. 2478.
The State Engineer's office indicates a perennial yield of 3000 acre feet annually for this basin.
The Basin Abstract for Warm Springs shows 7300 +/- acre feet annually of committed water rights at the present time. Therefore, this protest is being filed to prevent further over appropriation of the basin.

THEREFORE the Protestant requests that the application be Denied
Denied, issued subject to prior rights, etc., as the case may be
and that an order be entered for such relief as the State Engineer deems just and proper.
