Underground or name of stream, lake, spring or other source  
County, State of Nevada, for the following reasons and on the following grounds, to wit:

Application Numbers 72565 through 72577 were filed on April 11, 2005 to be commingled for the irrigation of 6042 acres. State Engineer's Ruling Number 2474, 2535 and 2716 previously denied similar irrigation applications from this basin on the grounds that the "value" of existing rights would be impaired and that they could be detrimental to the public welfare. Similarly, the granting of Application Numbers 72565 through 72577 would also adversely affect existing rights and senior applications. In addition, the protestant, Lincoln County Water District, recently acquired ownership of two senior municipal applications in Lake Valley (Application Numbers 53993 and 53996). The granting of these applications would unduly impair the protestant's senior applications. The protestant requests that the subject applications be denied.

THEREFORE the Protestant requests that the application be .....Denied.....  
Denied, issued subject to prior rights, etc., as the case may be  
and that an order be entered for such relief as the State Engineer deems just and proper.
