Seven Devils Protest
App. #77470
Filed by Joe Saval Company, LLC
On October 13, 2008

The only reason that any water leaves Seven Devils Springs at this time is the drainage ditch that was put in by Rob Lincoln in November of 2007. We paid Mr. Lincoln to drain some of the Marshy area around Seven Devils on our deeded land so that we can get our equipment into that area and fix the existing irrigation ditches. The water runs off of our deeded ground onto Jersey Valley Allotment which is our allotment.

We realize that the Joe Saval Co. LLC needs water to water their livestock and we are willing to sell them water very reasonably. We own 100% of the water at Seven Devils Hot Springs and are not willing to give away our personal property. I've already explained our position to Jerry Annis, Co-owner in the Joe Saval Co. LLC.

We have all the proof necessary to prove our vested claim. Priority date of 1871.
