In the Matter of Application Number 77537

Truckee River Decree Claim No. 3

PROTEST

STATE ENGINEERS OFFICE

Comes now The Pyramid Lake Paiute Tribe of Indians, whose office address is P.O. Box 256, Nixon, Nevada 89424, whose occupation is a federally recognized Tribe of Indians, the governing body of the Pyramid Lake Indian Reservation, organized pursuant to the Indian Reorganization Act of 1934, with a Constitution and By-laws approved by the Secretary of Interior, and protests the granting of Application Number 77537, filed on October 24, 2008 by the City of Fernley, for permission to change the place of use and manner of use of a portion of water appropriated under the Truckee River Decree Claim No. 3; United States vs. Orr Water Ditch Co., et al., In Equity No. A3, for the following reasons and on the following grounds, to wit:

Conditional protest grounds 1-3 are asserted only in the event and if for any reason the State Engineer does not continue to require the Applicant to comply with all applicable laws and regulations of other jurisdictions, including, but not limited to, the Secretary of the Interior:

- 1. Conditional - The proposed use of Newlands Project water rights for municipal and domestic purposes is subject to the regulatory authority and approval of the Secretary of the Interior, which has not been obtained.
2. Conditional - The proposed transfer of decreed agricultural water rights for municipal use, using irrigation facilities for the conveyance of the municipal water, and extending water deliveries outside of the irrigation season, is not contemplated and is not allowed under the existing Operating Criteria and Procedures (OCAP) for the Newlands Project.
3. Conditional - The applicant has not obtained permission or contracts to use federal facilities for the transportation of the water it is seeking to transfer.

Handwritten signature or initials

4. The proposed period of use is from January 1 to December 31 of each year whereas the prior use was limited to the irrigation season. The new period of use will be less efficient and will adversely affect other water users including the Protestant, and will violate NRS 533.370(1)(b).

5. Granting the application will threaten to prove detrimental to the public interest in light of the declining quantity and quality of the groundwater available in the Fernley hydrographic basin to serve existing permits and commitments, and in light of the obligations of the State Engineer pursuant to NRS Chapters 534 and 278 to require that there be adequate plans to protect existing uses and commitments of ground water and to require that the subject rights, or an appropriate portion of them, be devoted to ground water recharge to protect existing users and customers before any additional rights are allocated to new development.

6. This Protestant incorporates in this Protest by reference as if fully set forth herein every relevant protest ground set forth in any other Protest filed by any other Protestant regarding this application.
