STATE ENGINEER'S OFFICE

Comes now Murry Springs Bottling Company, Inc.
whose post office address is P.O. Box 151330, Ely, NV 89315
whose occupation is a water bottling company and protests the granting
of Application Number 77564, filed on November 3, 2008
by Robinson Nevada Mining Company to appropriate the
waters of underground source situated in Section 15, T16N, R62E
County, State of Nevada, for the following reasons and on the following grounds, to wit:

As the President of Murry Springs Bottling, Company, Inc. I protest the water applications file by Robinson Nevada Mining Company in White Pine County, NV. Our company is an on-site water bottling operator at Murry Springs and Murry Springs is the sole source of natural spring water for our feature water, Elyon, and has been since 1998. Our weekly observations at the overflow weir (which is approx. 35 feet from our plant) have been that the level of water has been steadily declining over the past two years. It could put Murry Springs Bottling out of business.

THEREFORE the Protestant requests that the application be Denied
and that an order be entered for such relief as the State Engineer deems just and proper.
