of Application Number ..77636, filed on NOVEMBER 21, 2009 – CORRECTED APPLICATION FEBRUARY 2, 2009,

by Michael & Geraldean Christopher % Bright Holland Corporation, a Nevada Corporation .to appropriate the

waters ofUnderground.....situated inWashoe County, State of Nevada,
Underground or name of stream, lake, spring or other source

for the following reasons and on the following grounds, to wit: Due to the significant amount of groundwater that will be pumped from Smoke Creek Basin (021), via inter-basin transfer to another basin, it is anticipated that not only will the Smoke Creek Basin suffer a significant decline in water levels, but the Town of Gerlach's spring water rights may be effected. Gerlach has held the water rights attached to Railroad Springs since 1909, and Garden Springs since 1929. These two springs are the sole water supply source for the Town of Gerlach and are senior to the applicant's water right applications.

THEREFORE the Protestant requests that the application be DENIED

and that an order be entered for such relief as the State Engineer deems just and proper.
