County, State of Nevada, for the following reasons and on the following grounds, to wit:

.Approval of this application will be detrimental to the public interest and to public wildlife resources of which the Nevada Department
of Wildlife has statutory responsibility for protection and management, as approval may have a negative impact on surface waters and
wetlands within the Oasis Valley hydrographic basin on which sensitive, unique and State protected wildlife species are dependent
including the Amargosa toad, Oasis Valley speckled dace, southwestern willow flycatcher, and numerous other resident wildlife
species. Previous State Engineer's rulings including #4669 and #5954 have denied similar applications within the Oasis Valley
hydrographic basin on the grounds, in part, that withdrawal of additional groundwater from the basin would impair existing rights and
would prove detrimental to the public interest.

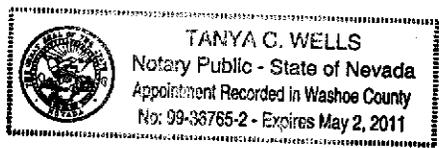

THEREFORE the Protestant requests that the application beDenied.....
Denied, issued subject to prior rights, etc., as the case may be
and that an order be entered for such relief as the State Engineer deems just and proper.
