

IN THE OFFICE OF THE STATE ENGINEER OF THE STATE OF NEVADA

IN THE MATTER OF APPLICATION NUMBER 78189
FILED BY Charles Azzarello and Judy Kritikos
ON March 26, 20 09, TO APPROPRIATE THE
WATERS OF 0.1114 c.f.s of the public waters of the State of NV

STATE ENGINEER'S OFFICE
2009 APR 30 AM 11:30
RECEIVED

Comes now Georgia Morgan
Printed or typed name of protestant
whose post office address is 21720 Pyramid Lake Road, Lovelock NV 89419
Street No. or PO Box, City, State and ZIP Code
whose occupation is Georgia- POA Executive Director, filing as an individual and protests the granting
of Application Number 78189, filed on March 26, 20 09
by Charles Azzarello and Judy Kritikos to appropriate the

waters of a point located within the SW1/4 SW/14 Section 9 T30N, R33E mdm situated in Pershing County
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:
Location of the "point" is 1 block from my residence. Although there are several industrial activities that can take place under the industrial land use, these applicants are preparing to operate a concrete batch plant, the equipment is already on site. This permit applied for is 10 acre feet per year this is a lot of water for 1 1/2 acres of property within an over appropriated basin. I am greatly concerned with possible contamination of my ground water from such an operation. I am under the assumption the equipment will have to be cleaned out after each use and the water from the permit being requested would be used not only for production of their product but also the cleaning of the equipment. I feel approval of the application would not be a benefit to my community as a whole. The property where the application is being applied for is in a Residential and General Commercial planned unit development. The land use of the land where the "point" is, was recently changed to Industrial. That is 1 and 1/2 acres of industrial property within over 9,000 acres in the subdivision planned for residential use. I am strongly opposed, main concerns are over appropriation and ground water contamination.

THEREFORE the Protestant requests that the application be Denied
Denied, issued subject to prior rights, etc., as the case may be
and that an order be entered for such relief as the State Engineer deems just and proper.
