of Application Number 79264, filed on January 28, 2010

by SNWA to appropriate the

waters of Underground situated in Lincoln
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

- 1. There is insufficient unappropriated water in this area.
2. Proposed use would conflict with existing water rights for livestock watering and our farming operations
3. Continuous pumping will dry up our wells for our homes, stock water, and our irrigation wells.
4. The costs of deepening our wells would be prohibitive.
5. This could definitely affect the Lund and Preston Irrigation Companies Springs.
6. Protestant reserves the right to amend this protest to include issues as they develop.

THEREFORE the Protestant requests that the application be Denied and issued subject to prior rights
Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
