 - Degradation of cultural resources:
 - Harm to state parks and state and federal wildlife refuges
 - Harm to the Great Basin National Park including water, air, ecosystem, view shed, resources
- 4. The appropriation and export of water proposed in this application would be detrimental to the public interest on economic grounds and would unduly limit future growth and development in the basin from which the export is proposed:
 - Undue limitation of future economic activity and growth in the basin of origin:
 - Undue economic harm will extend to the economies and communities of downgradient hydrologically connected and downwind basins.
 - Loss of public lands grazing and forage
- 5. The proposed action is not an appropriate long-term use of Nevada's water:
- 6. The Applicant has not justified the need to import water from another basin:
- 7. The Applicant has not implemented a sufficient conservation plan.
- 8. The Applicant has not demonstrated the good faith intent or financial ability and reasonable expectation to actually construct the work and apply the water to the intended beneficial use with reasonable diligence.
