of Application Number 79358, filed on 28th day of January, 20 10
by Lincoln County Water district and Vidler Water Company to appropriate the
waters of underground source situated in Lincoln

Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

These wells will have an adverse affect on our water right that date back to 1869. Our water comes from springs that have been used for raising hay and irrigating pasture since the time the rights were issued. All of the streams and springs, Large and small in the Clover Mountain area will be affected that are now being used by permitted cattlemen and wildlife. Hafen Brothers have over 1000 acre feet of water rights in the Clover Valley and thus have a huge interest and possibility of loss if these wells are permitted to pump.

THEREFORE the Protestant requests that the application be Denied

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
