and protests the granting

of Application Number 79497

, filed on February 11

, 20 10

by The Clark County - Coyote Springs Water Resources General Improvement District

to appropriate the

waters of underground (Coyote Spring Valley - hydrographic basin #210)

situated in Clark and/or Lincoln

Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

(1) There is no remaining unappropriated water in the proposed source of supply; (2) the proposed withdrawal conflicts with existing rights both within the Coyote Spring Valley hydrographic basin, and also with groundwater and surface water rights in nearby areas hydrologically connected to the Coyote Spring Valley hydrographic basin, including groundwater and surface water rights in which protestant has an interest; and (3) the proposed withdrawal threatens to prove detrimental to the public interest, because it is likely to lower water levels in the Muddy Springs area to the detriment of the Moapa dace, an endangered species.

THEREFORE the Protester requests that the application be denied

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
