by National Fish and Wildlife Foundation for the

waters of

Walker River and its Tributaries

situated in

Lyon

an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The place of use, manner of use, and of a portion of water should not be changed from its original intent. It should remain exactly as it is now and on the land it was originally intended for. If movement of water is allowed, there would be approximately one acre foot-

THEREFORE the Protestant requests that the application be

Denied

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.

of water, at full decree, left in this ditch. This would render it and the land it services useless. The land and its water belong together, not separated. Please do not allow this application or any others to come. The consequences would be devastating to the land, the rancher trying to make a living, and the value of the land. The law should not be changed under any circumstance.
