## Attachment for BLM Protest of Application 81058

BLM protests Application 81058 for the following reasons and on the following grounds, to wit:

1. Applicant does not have authority or jurisdiction to manage wildlife in Nevada. Responsibility and jurisdiction for managing wildlife was given to the Nevada Department of Wildlife. The Southern Nevada Water Authority's website states when and why it was formed: "The Southern Nevada Water Authority (SNWA) is a cooperative agency formed in 1991 to address Southern Nevada's unique water needs on a regional basis. SNWA officials are charged with managing the region's water resources and providing for Las Vegas Valley residents' and businesses' present and future water needs.";

Approval of Application 81058 would prove detrimental to the public interest by permitting use of water outside the scope and jurisdiction of the applicant and by allowing an unsubstantiated amount of water for wildlife beneficial use without the applicant sufficiently stating what numbers and kind of animals would benefit.

2. The POU is located on public land managed by BLM. BLM has not granted SNWA access to the POU.
