of Application Number 81066

, filed on August 12

by Southern Nevada Water Authority

for the

waters of White Fire Spring

situated in White Pine County

an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

I am the current owner of the water right to White Fire Spring. The volume of water running from this spring does not support my current needs and uses, and would not support any other demand. This spring only runs in the spring of the year, unless it is an unusually wet year. This spring does not run the quantity of water we have been allotted on most normal years. Our permit is for 0.5 C.F.S. of water. Therefore, there is no extra water to permit to an other entity.

THEREFORE the Protestant requests that the application be

Denied

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
