and protests the granting

of Application Number 81060

, filed on August 12

, 20 11

by Southern Nevada Water Authority (SNWA)

for the

waters of White Fire Spring

situated in White Pine

an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

1. Applicant does not possess a right-of-way to access the POD which is situated on public land managed by BLM; 2. Approximately 0.4 miles of lotic riparian wildlife habitat are supported by White Fire Spring that would be lost by the removal of water at the POD for use approximately 5.5 miles outside its natural course. Due to loss of critical wildlife habitat in an areas where water is already used for mining operations BLM would not issue a right-of-way to the applicant to access public land; and 3. The Place of Use as described in application 81066 appears to already possess enough water via an existing irrigation system of surface and groundwater to cultivate alfalfa or other feed crops given the accepted rate of 4 AFA per acre for Spring Valley. Existing certificated rights or pending applications provide about 4.42 AFA for use at the listed POU. Applications 81060 and 81066 would add another 0.7 AFA per acre to the same plot of land for a potential total of 5.12 AFA per acre of irrigated land.

THEREFORE the Protestant requests that the application be Denied.

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.

Signed
