STATE ENGINEER'S OFFICE

Comes now the **Great Basin Water Network**
whose post office address is **1755 E. Plumb #170, Reno NV 89502**
whose occupation is a **Non-profit organization**
of Application Number **81069**, filed on **08/12/2011**
by the **Southern Nevada Water Authority** to appropriate the
waters of **SPRING (LOWS CANON)** situated in **WHITE PINE** County (**SPRING VALLEY - 184**),
State of Nevada, for the following reasons and on the following grounds, to wit:

- 1) the applications would prove detrimental to public interest by drying the spring, wetlands, and riparian areas of and around LOWS CANON and affecting wildlife dependent on this and down stream water sources and wildlife habitat.
- 2) the applications would conflict with existing water rights either directly or by preventing natural recharge of basin-fill aquifers, reducing perennial yield, and adversely affecting senior water rights, also dependent on flows from LOWS CANON .
- 3) the applications would be an inappropriate use for irrigation on a year-round basis.
- 4) there is insufficient water for appropriation.

THEREFORE the Protestant requests that the application be **DENIED**
and that an order be entered for such relief as the State Engineer deems just and proper.
