of Application Number 83159, filed on October 11, 20 13

by Jeffrey A. Lynn and Laura M. Dorris for the

waters of Underground situated in Eureka
an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

- 1. I hold water rights near the application and in Pine Valley. These include claims of vested right on surface water, certificated underground rights, and a domestic well. Granting this application will conflict with my pre-existing senior water rights. This is in addition to other senior water rights in the basin that will be affected by granting of this application.
2. The applications are improper because (a) the supporting map is in error in that it does not match the description in the application and (b) the stated cost to put the water to beneficial use for irrigation is unreasonably low.
3. The recent application by Barrick for all remaining groundwater in Pine Valley filed senior to this application clouds the availability of water enough for this application to be granted.

THEREFORE the Protestant requests that the application be Denied

and that an order be entered for such relief as the State Engineer deems just and proper. Denied, issued subject to prior rights, etc., as the case may be
