and protests the granting

of Application Number 84429, filed on October 9, 2014

by Rodney St. Clair through his agent Michael Stanka for the

waters of underground situated in Humboldt County

an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

- 1. Approval of applications within 84429 and 84430 would exceed the annual yield of the groundwater basin.
2. Approval would impose an economic hardship on Humboldt County by exporting in excess of 14,241 A.F.A.
3. Negative impact on the NCA. Such an appropriation would be extremely detrimental to the Black Rock Desert/High Rock Canyon NCA, This area includes critical raptor and big sheep habitat as well as antelope, deer, 100+ species of non-game wildlife, wild horses and burros. The NCA was created to protect not only the rich pre-historical and historic human occupation sites, but also to protect the quantity and quality of water necessary to support wildlife and maintain the watersheds essential for their survival. These applications are antithetical to those goals.

THEREFORE the Protestant requests that the application be denied.

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.

Signed
