waters of Casey Hot Springs Well situated in Mud Meadow - 026

an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

We protest the unlimited pumping of Humboldt County ancient ground water. We also feel the pumping of any ground water outside the county is setting a dangerous precedent, with potential to destroy our precious water resources & habitat. The affects of such pumping is unknown as well. The Black Rock Wilderness was proposed to preserve the unique landscape and habitats of a multitude of native species. The misuse of water, out of it's local will have a huge detrimental effect, potentially destroying the desert forever.
