by U.S. Fish and Wildlife Service, 911 NE 11th Avenue, Portland, OR 97232

for the

waters of Woodward's Creek (POD 1)

situated in White Pine

an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The U.S. Fish and Wildlife Service application is for 4.2 cfs of water from Woodward's Creek (POD 1) to be used for wildlife. As their application states "wildlife use directly from the creek, wetlands fed by the creek, and Ruby Lake".

White Pine County doesn't believe that a Federal Government Agency should be filing applications on water sources in the State of Nevada for wildlife purposes.

White Pine County also believes that it is unnecessary for the Federal Government Agency to file the water application because wildlife have access to the creek, wetlands fed by the creek, and Ruby Lake.

THEREFORE the Protestant requests that the application be

Denied

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
