R U L I N G

General:

56 Application 18195 was filed in support of U. S. Desert Land Entry Application Nevada-043170. On January 2, 1962, we were notified by the U. S. Bureau of Land Management, Reno, Nevada, that the land entry has been cancelled and closed on the land office records. As of the date of this ruling, the applicant does not have control of the land on which he plans to place the water to beneficial use.

RULING

Application 18195 is hereby denied on the grounds that the applicant does not have control of the land on which he plans to place the water to beneficial use, and that its granting would be detrimental to the public welfare.

Respectfully submitted,

ELMO J. DERICCO
State Engineer
