This application was submitted for action to the Las Vegas Valley Ground Water Board at their regular monthly meeting in March, 1963. The Las Vegas Valley Ground Water Board recommended that Application 20900 be approved and that Application 20901, a stand-by well for 20900, be denied on the grounds that Application 20900 would supply sufficient water to the applicant and that the applicant would tie to the City of North Las Vegas water mains when they were within the  $\frac{1}{4}$  section.

R U L I N G

Application 20901 is herewith denied on grounds that its granting would impair the value of existing water rights in the Las Vegas Artesian Basin and would be detrimental to the public welfare.

Respectfully submitted,

Elmo J. DeRicco  
State Engineer
