ARTESIAN BASIN, CLARK COUNTY, NEVADA)

This application was submitted for action to the Las Vegas Valley Ground Water Board at their regular monthly meeting in March of 1964. At this meeting the Las Vegas Valley Ground Water Board recommended that this application be denied on grounds that the proposed well location falls about midway between the North Las Vegas and the Nellis Air Force cones of depression and that production from the proposed well site location would only aggravate an already serious situation.

RULING

Application 21696 is herewith denied on grounds that its granting would impair the value of existing water rights in the Las Vegas Artesian Basin and would be detrimental to the public welfare.

Respectfully submitted,

ELMO J. DeRICCO
State Engineer
