

IN THE MATTER OF APPLICATION 35515)
TO APPROPRIATE WATER FROM AN)
UNDERGROUND SOURCE IN STEPTOE)
VALLEY, WHITE PINE COUNTY, NEVADA)

R U L I N G

FINDINGS OF FACT

I

Application 35515 was filed on June 8, 1978, in the name of Harvey W. Young, Jr., to appropriate 1.5 c.f.s. of water from an underground source to be located within the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 1, T.15N., R.63E., M.D.B.&M., to be used for irrigation and domestic purposes. Application 35515 became ready for action by the State Engineer's office on December 28, 1978.

II

The applicant was notified by letter from the State Engineer's office dated July 20, 1983, that Application 35515 was ready to be approved but that in accordance with NRS 533.435, it would be necessary that the sum of \$100.00 for the issuance of a permit be remitted to the Division of Water Resources. No fees were submitted as a result of that notice; and by subsequent certified letter dated August 25, 1983, the applicant was again advised that the application was ready to be approved but that it would first be necessary that the sum of \$200.00, not \$100.00 as originally requested, for the issuance of the permit be remitted. Said letter further stated that in the event the permit fee was not received within 30 days from the date of that letter, the application would be subject to denial. A properly endorsed receipt for that certified notice is on file in the office of the State Engineer. To the date of this ruling, no permit fees have been received under Application 35515.

CONCLUSIONS

I

The State Engineer has jurisdiction in this matter under the provisions of NRS 533.325 and 533.435.

II

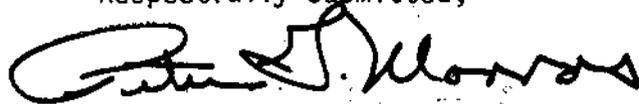

The applicant has been properly notified of the requirement for the submission of the statutory permit fees and has failed to comply with that requirement.
