General:

36 Applications 20076 and 20077 were filed in support of Desert Land Application Nevada- 055829. On February 19, 1962, we were notified by the Bureau of Land Management, Reno, Nevada, that they had not taken action on the land application. As of the date of this ruling, the applicant does not have control of the land on which he plans to place the water to beneficial use.

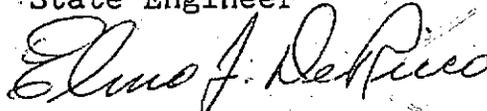

RULING

Applications 20076 and 20077 are hereby denied on grounds that the applicant does not have control of the land on which he plans to place the water to beneficial use and that their granting would be detrimental to the public welfare.

Respectfully submitted,
