General:

Application 19067 was filed in support of Desert Land Application Nevada-053546. On November 2, 1962, we were notified by the United States Bureau of Land Management, Reno, Nevada, that this land application was canceled and closed on the Land Office records on October 29, 1962. As of the date of this ruling, the applicant does not have control of the land on which he plans to place the water to beneficial use.

RULING

Application 19067 is hereby denied on the grounds that the applicant does not have control of the land on which he plans to place the water to beneficial use, and that its granting would be detrimental to public welfare.

Respectfully submitted,
