Application 18898 was filed in support of Desert Land Application Nevada-045669. On September 11, 1962, we were notified by the U. S. Bureau of Land Management, Reno, Nevada, that the entry has been relinquished by the entryman and closed on the Land Office records. As of the date of this ruling, the applicant does not have control of the land on which he plans to place the water to beneficial use.

RULING

Application 18898 is hereby denied on the grounds that the applicant does not have control of the land on which he plans to place the water to beneficial use, and that its granting would be detrimental to the public welfare.

Respectfully submitted,
