General

A protest to the granting of this application was filed by Albin C. Kirkeby on March 10, 1952. We have been advised by the Bureau of Land Management that the applicant does not have a recognized range right within the service area of this source.

RULING

Application 13855 is herewith denied on grounds that the applicant does not have a recognized range right within the service area of this source and that the granting of a permit to appropriate water within an area where the applicant does not control the use of the range would be detrimental to the public welfare.

Respectfully submitted,

GEORGE W. HENNEN
State Engineer
