

IN THE MATTER OF APPLICATION 20921 )  
FILED JANUARY 3, 1963, BY H. A. DREES )  
TO APPROPRIATE GROUND WATER FOR IRRIGATION )  
IN QUINN RIVER BASIN, HUMBOLDT COUNTY, NEVADA.)

R U L I N G

GENERAL:

33A  
Application 20921 filed on January 3, 1963, by H. A. Drees for 5 c.f.s. of ground water to be diverted from a point within the SE $\frac{1}{4}$  of the NE $\frac{1}{4}$  of Section 29, T. 42 N., R. 37 E., M.D.B. & M. is to be used to irrigate 200 acres within the S $\frac{1}{2}$  S $\frac{1}{2}$  NE $\frac{1}{4}$  and the SE $\frac{1}{4}$  of Section 29, T. 42 N., R. 37 E. and for domestic purposes.

OPINION:

Ground water rights in this segment of the Quinn River Drainage Basin exceed the estimated ground water recharge. The average ground water production for 1964 and 1965 approximated the safe annual yield. The proposed point of diversion is within an area of dense well concentration. It is our opinion that the granting of additional ground water rights in the area for the irrigation of new land would adversely affect existing water rights and would be detrimental to the public welfare.

RULING

Application 20921 is hereby denied on the grounds that its granting would be detrimental to existing rights and to the public welfare.

Respectfully submitted,

GEORGE W. HENNEN  
STATE ENGINEER
