

IN THE MATTER OF APPLICATION 22015)
FILED MAY 21, 1964 BY W. B. HARMAN TO)
APPROPRIATE GROUND WATER FOR IRRI-)
GATION IN QUINN RIVER BASIN)
HUMBOLDT COUNTY, NEVADA.)

R U L I N G

GENERAL:

Application 22015 filed on May 21, 1964 by W. B. Harman for 2.7 c.f.s. of ground water to be diverted from a point within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, T. 42 N., R. 37 E., M.D.B. & M. is to be used to irrigate 160 acres within the SW $\frac{1}{4}$ of Section 17, T. 42 N., R. 37 E. and for domestic purposes.

OPINION:

Ground water rights in this segment of the Quinn River Drainage Basin exceed the estimated ground water recharge. The average ground water production for 1964 and 1965 approximated the safe annual yield. The proposed point of diversion is within an area of dense well concentration. It is our opinion that the granting of additional ground water rights in the area for the irrigation of new land would adversely affect existing water rights and would be detrimental to the public welfare.

RULING

Application 22015 is hereby denied on the grounds that its granting would be detrimental to existing rights and to the public welfare.

Respectfully submitted,

GEORGE W. HENNEN
STATE ENGINEER
