

IN THE MATTER OF APPLICATION 21361 )  
FILED JUNE 13, 1963 BY W. B. HARMAN )  
TO APPROPRIATE GROUND WATER FOR IRRIGATION, )  
QUINN RIVER BASIN, HUMBOLDT COUNTY, )  
NEVADA. )

R U L I N G

GENERAL:

Application 21361 filed on June 13, 1963, by W. B. Harman for 2.025 c.f.s. of ground water to be diverted from a point within the SE $\frac{1}{4}$  NW $\frac{1}{4}$  of Section 17, T. 42 N., R. 37 E., M.D.B. & M. to be used to irrigate 120 acres within the S $\frac{1}{2}$  SW $\frac{1}{2}$  of Section 17 and NE $\frac{1}{4}$  SE $\frac{1}{4}$  of Section 18, T. 42 N., R. 37 E. and for domestic purposes.

OPINION:

Ground water rights in this segment of the Quinn River Drainage Basin exceed the estimated ground water recharge. The average ground water production for 1964 and 1965 approximated the safe annual yield. The proposed point of diversion is within an area of dense well concentration. It is our opinion that the granting of additional ground water rights in the area for the irrigation of new land would adversely affect existing water rights and would be detrimental to the public welfare.

RULING

Application 21361 is hereby denied on grounds that its granting would be detrimental to existing rights and to the public welfare.

Respectfully submitted,

GEORGE W. HENNEN  
STATE ENGINEER
