General:

33A
Application 20508 was filed on June 7, 1962, by Virgil H. Belisle in support of Desert Land Entry Nevada 046671 for the irrigation of 320 acres and for domestic purposes. The proposed point of diversion is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 28, T. 41 N., R. 37 E., M.D.B. & M.

The Bureau of Land Management cancelled Desert Land Entry No. 046671 by a decision dated April 14, 1964, for failure of the applicant to comply with the final proof requirements.

The result of this decision by the Bureau of Land Management is that the applicant does not own or control the land on which water under this application is proposed to be used.

RULING

Application 20508 is herewith denied on the grounds that the water proposed to be appropriated cannot be applied to beneficial use.

Respectfully submitted,

Roland D. Westergard
Assistant State Engineer
