RULING

GENERAL

Michael C. Nobel filed an application for a well drillers license on February 11, 1985, in compliance with the provisions of NRS 534.140. Mr. Nobel listed, on his application, the names of four (4) individuals who had personal knowledge of his experience and ability as a water well driller. The references were contacted by the office of the State Engineer and asked to comment on the applicants experience and knowledge as a water well driller.

On July 2, 1985, Mr. Nobel was notified, by certified mail, to appear before the Statewide Well Drillers' Advisory Board for an oral interview. The interview before the board took place at 9:30 a.m., on July 18, 1985, in the office of the State Engineer located at 201 South Fall Street, Carson City, Nevada. Mr. Nobel appeared, as scheduled, before the Statewide Well Drillers' Advisory Board and was questioned by the board members concerning his knowlege of the regulations for drilling water wells in the State of Nevada and his knowlege of the equipment that he had indicated, on his application, that he was familiar with and had operated. He was questioned by the board members concerning general practices of water well drilling, sealing and drilling wells in areas where moderately difficult situations could arise. This was Mr. Nobel's second appearance before the board.

The Statewide Well Drillers' Advisory Board's recommendation to the State Engineer was that Mr. Nobel's application be denied on the grounds that he is not sufficiently familiar with the state regulations for drilling wells.

CONCLUSIONS

The State Engineer has reviewed the record of Mr. Nobel's appearance before the Statewide Well Drillers' Advisory Board and Mr. Nobel's application and responses from the references provided by the applicant. The State Engineer concludes, upon review of the record, that he must concur with the recommendation of the Statewide Well Drillers' Advisory Board.
