GENERAL:

An application for a Nevada Well Driller's license was received in this office on February 23, 1976, with the statutory \$25.00 filing fee from Ronald Oneal, 255 Hickory Street, Napa, California. Receipt No. 4381 for the \$25.00 fee was issued on February 23, 1976 to Ronald Oneal.

A request for references was forwarded to four persons as listed in the application on February 24, 1976. Four responses were received to the request for references.

The applicant was notified by certified mail on March 24, 1976, to appear before the Statewide Well Drillers' Advisory Board on April 9, 1976 for an oral interview. The applicant failed to appear.

On August 23, 1976, a communication from J. D. Doshier advised the State Engineer's office that the applicant was not interested at this time in obtaining a Nevada Well Driller's license.

On July 9, 1976, at the Statewide Well Drillers' Advisory Board's meeting, Mr. Oneal's application was discussed. The board recommended a letter be forwarded to Mr. Oneal asking for an expression of interest in proceeding to obtain a Nevada Well Driller's license. On August 10, 1976, Mr. Oneal was notified by certified mail that an expression of interest would be necessary and an interview by the Statewide Well Drillers' Advisory Board would be necessary before a license could be issued. He was given thirty days in which to respond. No response was received.

RULING:

The application of Ronald Oneal for a Nevada Well Driller's license is herewith denied on the grounds that he failed to appear before the Statewide Well Drillers' Advisory Board for an oral interview and the recommendation of the Advisory Board recommended denial if an expression of interest was not received. Therefore it cannot be determined that the applicant has sufficient knowledge and experience to qualify as a well driller.
