RULING

FINDING OF FACTS

An application for a Nevada well driller's license was filed by Ronny H. Ward in the Office of the State Engineer on January 7, 1987, together with the statutory filing fee of \$50.00. Receipt No. 8770 was issued to Precision Drilling for said filing fee.

Requests for five references were mailed on January 7, 1987. A response was received from five of the individuals. The applicant was notified to appear before the Statewide Well Drillers' Advisory Board on January 16, 1987. The Board requested that Mr. Ward return in three months and have complete knowledge of the Regulation for Drilling Water Wells.

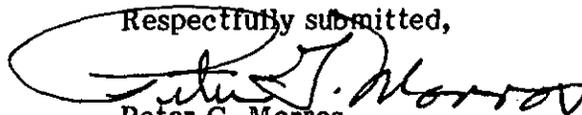

CONCLUSIONS

The applicant was notified by certified mail to appear before the Statewide Well Drillers' Advisory Board for an oral interview on April 3rd and again on July 10, 1987. The applicant did not appear as requested and did not notify the Office of the State Engineer that he would not appear. The Statewide Well Drillers' Advisory Board recommends denial of the application of Ronny H. Ward.

RULING

The application of Ronny H. Ward is herewith denied on the grounds that the applicant has failed to substantiate his experience and ability as a water well driller.

Respectfully submitted,

Peter G. Morros  
State Engineer
