RULING

FINDING OF FACTS

An application for a Nevada well driller's license was filed by Mark Kevin Mull in the Office of the State Engineer on December 21, 1987, together with the statutory filing fee of \$50.00. Receipt No. 9153 was issued to Western Technologies for said filing fee.

Requests for four references were mailed on December 21, 1987. A response was received from three of the individuals. The applicant was notified by certified mail to appear before the Statewide Well Drillers' Advisory Board on January 8, 1988 and was asked to appear before the Board at the next meeting.

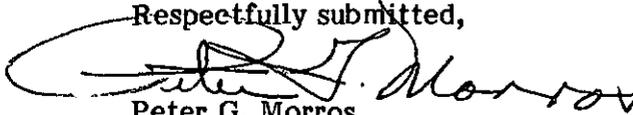

CONCLUSIONS

The applicant was notified by certified mail to appear before the Statewide Well Drillers' Advisory Board for an oral interview on April 7, 1988. The applicant did not appear as requested and did not notify the Office of the State Engineer that he would not appear. The Statewide Well Drillers' Advisory Board recommends denial of the application of Mark Kevin Mull.

RULING

The application of Mark Kevin Mull is herewith denied on the grounds that the applicant has failed to substantiate his experience and ability as a water well driller.

Respectfully submitted,
