JULY 26, 1965, BY STEPHAN RIESS, )  
PRESIDENT, THE SEVENTY CORPORATION)

R U L I N G

An Application For Well Driller's License was filed on July 26, 1965 by Stephan Riess. Requests for references were mailed to persons and firms listed on the application on July 26, 1965. Three references were received.

Upon review of the application and references, two of the three members of the Statewide Well Drillers' Advisory Board recommended denial of the application.

In a letter of November 4, 1965, the applicant and the applicant's attorney were advised that before the application was denied, it would be discussed in a meeting of the Statewide Well Drillers' Advisory Board. The applicant and his attorney appeared at such a meeting on December 13, 1965. As a result of the discussion, the applicant and his attorney agreed to submit four additional references from persons having a knowledge of the applicants drilling ability, within 30 days of December 13, 1965.

In a letter forwarded by Certified Mail on February 11, 1966, the applicant was advised that additional references had not been received and that if the names of references were not received on or before February 25, 1966, his application would be denied. As of this date, required references from the applicant have not been received.

R U L I N G

The Application For Well Driller's License filed by Stephan Riess is denied on the grounds that insufficient references were submitted to determine that the applicant has had sufficient well drilling training and experience to qualify him as a well driller.

Respectfully submitted,

  
Roland D. Westergard
