**E. V. GELMSTEDT**  
PLANT ENGINEER

RENO, July 8, 1959

Mr. Edmund A. Muth, State Engineer  
Division of Water Resources  
State Office Building  
Carson City, Nevada

Dear Mr. Muth;

Per conversation with Mr. DeRicco July 8, 1959; referring to your letter dated July 6, 1959:

The attached drawing shows the approximate location of our cables crossing the Truckee River at Engineer's Station 288+50, TU1-13. This is shown as Site 1.

The river crossing east of the second railroad bridge is also shown as Site 2 on the print. This information may be used on possible future projects.

Due to the short time element involved, we are proceeding with preparation of the Service Agreement.

Yours truly,
