Dear Dean,

215-61E-36

On June 09, 1989 we cemented a water well for Pacific Construction. The well was 8-5/8" in diameter, 103 feet deep, and had a static water level of 94 feet. It used a little over 3 yards of concrete, plugged per state regulations. The water well was located at 2700 E. Sunset Road.

Respectfully,
