Attn: Dean

Dear Dean,

On December 04, 1984 we cemented a well for Sun City Builders Company at the South West corner of Russel Road and Pearl. It was an 8" well and had a bridge at 84', however, the quantity of cement slurry that it took to fill the well indicated its total depth to be 148'. The well was cut off three feet below grade.

Sincerely,

Fred Allen III

FA/ta
