Attn: Dean Goodall

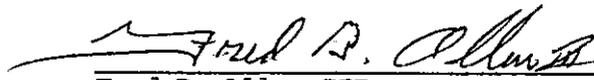

Dear Dean,

On June 05, 1989 we cemented a water well for Marnell Corrao and Associates. The well was located on the Nuggett/Mirage property located on the SW corner of Spring Mtn. and Las Vegas Blvd. The well had 10" steel casing with a depth of 105 feet and static water level was 65 feet. It took approximately 3 yards of concrete. We perforated the well from bottom up to 50 feet.

If you have any questions please feel free to call.
