Date started: 26-Jun 20 07		Date completed: 6/26/2007 20 07																																																																																																																																																																																																																																																																										
7. Water Level				10. DRILLER'S CERTIFICATION																																																																																																																																																																																																																																																																								
Static water level: 25'		feet below land surface		This well was drilled under my supervision and the report is true to the best of my knowledge.																																																																																																																																																																																																																																																																								
Artesian Flow:		G.P.M. P.S.I.		Name Griffin Dewatering Corp																																																																																																																																																																																																																																																																								
Water Temperature: °F		Quality:		Contractor																																																																																																																																																																																																																																																																								
8. WELL TEST DATA				Address: 536 E. Maitland Street																																																																																																																																																																																																																																																																								
TEST METHOD:		Bailer x Pump		Air Lift		Contractor																																																																																																																																																																																																																																																																						
G.P.M.		Draw Down (Feet Below Static)		Time (Hours)		Ontario, Ca 91761																																																																																																																																																																																																																																																																						
						Nevada contractor's license number																																																																																																																																																																																																																																																																						
						issued by the State Contractor's Board C-23 0031246																																																																																																																																																																																																																																																																						
						Nevada driller's license number issued by the																																																																																																																																																																																																																																																																						
						Division of Water Resources, the on-site driller M-2264																																																																																																																																																																																																																																																																						
Signed: <i>Hamilton Decker</i>						By driller performing actual drilling on site or contractor																																																																																																																																																																																																																																																																						
Date: June 25, 2007
