From _____ feet to _____ feet		_____	<input type="checkbox"/> Pumped <input type="checkbox"/> Poured
From _____ feet to _____ feet		_____	<input type="checkbox"/> Pumped <input type="checkbox"/> Poured
From _____ feet to _____ feet		_____	<input type="checkbox"/> Pumped <input type="checkbox"/> Poured

6 Additional Notes or Comments

We conducted a video of this well in 5/09. The well had mill slot perforations from surface to total depth of 211'. We had cleaned the well to bottom by air reverse method and brushed the well back then. The well was to be used as a monitor well by the county. The county decided to abandon the well. We installed tremmie pipe to 210' and pumped in 4 yards of neat cement. This amount did not fill the well. The next day we measured the top of the cement at 40'. We then mixed 15 bags of Type II cement with approx. 75 gallons of water and pumped the well full to the surface.

STATE ENGINEERS OFFICE  
2012 MAY 10 AM 11:15

Neat Cement Fluid Weight 14.2 lbs/gal  
Bentonite Grout \_\_\_\_\_ % bentonite  
Date Started 3/20/2012  
Date Completed 3/30/2012

9 DRILLER'S CERTIFICATION

This well was plugged and abandoned under my supervision and the report is true to the best of my knowledge.
