State Engineer
Department of Conservation
Division of Water Resources
201 South Fall Street
Carson City, Nevada 89710

Dear Sir:

The following is my report to the division regarding the plugging of a well at the Barton's Club 93, Jackpot, Nevada. The well plugged is located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 1 T 44 N R 64 in Elko County.

The drill rig was originally placed on the existing well to be cleaned. At 82 feet the casing was separated, so the rig was left on the site. We pumped in approximately 2 $\frac{1}{2}$ yards of neat cement until it appeared at the surface.

The rig was then moved 40 feet NW of the old well site and a replacement well was drilled, under the same permit number.

This well was plugged under the permit number of the old Gateway Club, Jackpot, Nevada.

Sincerely,

Handwritten signature of Mike Kloos in cursive.

Mike Kloos
