Subject: Abandonment of Monitoring Wells
Former Budget Rent-A-Car Facility
5888 Paradise Road
Clark County, Nevada

M02027
RECEIVED
MAY 08 1991
Div. of Water Resources
Branch Office - Las Vegas, NV

Gentlemen:

This letter will document the activities associated with the abandonment of three monitoring wells located at the former Budget Rent-A-Car facility, 5888 Paradise Road, in Clark County, Nevada. The work was conducted by Converse Environmental Consultants, Southwest, Inc. (CECSW) in accordance with our proposal dated February 23, 1991, and your approval of February 27, 1991.

All three wells were 6 inches in diameter and approximately 30 feet in depth, with a 2 inch diameter casing. The casing was sealed with bentonite and grouted with neat cement to the surface. The wells were in good condition and still functional. The wells were used to measure water levels and for collecting water samples. The wells were abandoned because the Nevada Division of Environmental Protection indicated that they required no further monitoring at the subject site.

The wells were abandoned in accordance with the requirements of the State Engineer, Nevada Division of Water Resources in accordance with provisions of NAC 534.420. Abandonment began on April 3, 1991 under the supervision of Mr. Don Wilson (License No. M1589). The casing was removed, from all wells, using a drill rig. Upon removal of the casing, the wells were redrilled to their original depth. On April 5, 1991, all four wells were grouted to the surface using neat cement (see Drawing Nos. 1 through 3).

We are providing copies of this letter to the Nevada Division of Water Resources and to the Nevada Division of Environmental Protection.
