Dear Sir:

The following information should be added to the State well log. This information is considering that the hole was previously existing prior to our completion.

845' - 857'	Fill in. 857' bottom of casing.
857' - 862'	Black, very hard
862' - 865'	Broken, lots of water
865' - 905'	Medium hard
905' - 915'	Broken, (water)
915' - 990'	Medium
990' - 1010'	Loose (might not stay open)

Sincerely,

Arnold Elsing
