RE: Plugging Report for Jan Wilkins
Dear Mr. Daun:

The Division of Water Resources has recently received a driller's report from Great Basin Drilling detailing the plugging and abandonment of a domestic well at 3850 N. Dennis, in Pahrump. A copy of the report is enclosed. The report is being returned for completion. The Division requests that the following information be added, and the report returned at your earliest possible convenience:

Static water level in the well at the time of the plugging.

Was any debris retrieved or milled out of the well?

How much cement was used to plug the well? If you prefer, a copy of the receipt from the redi-mix company will suffice.

Should you have any questions or comments, do not hesitate to call me at 687-3861.

Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Matt Dillon".

Matt Dillon
Well Supervisor
