**RE: WELL ABANDONMENT REPORT  
7-ELEVEN STORE NO. 25123  
6980 WESTCLIFF DRIVE  
LAS VEGAS, NEVADA  
FACILITY ID NO. 8-000614**

Dear Ms. Piper:

SECOR International Incorporated (SECOR) on behalf of its client, 7-Eleven, Incorporated, is providing this well abandonment report pursuant to Nevada Division of Environmental Protection correspondence dated August 15, 2003. Well abandonment activities were conducted by Eagle Drilling Services (Eagle) of Las Vegas, Nevada, a State of Nevada licensed driller.

On November 10, 2003, SECOR personnel observed the well abandonment of one well (VE-1) on-site (Figure 1). Since Eagle's attempts to remove the well casing failed, the well was filled with bentonite-cement grout and topped with cement. The top 8-inches of the casing and former well collar were filled in with cement and sealed flush with the parking lot surface. The well box and concrete well collar were chipped/drilled out and the debris from field activities was disposed in an off-site dumpster. An *Intent to Drill Card* and *Well Drillers Report* were submitted to the Nevada Division of Water Resources by Eagle Drilling Services.

If you have any questions regarding this matter, please contact the undersigned at (702) 798-3911.

Sincerely,  
**SECOR International Incorporated**

Matthew Grandjean, C.E.M.  
Project Manager
