

THE STATE OF NEVADA

PERMIT TO CHANGE THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Name of Permittee: TOWN OF MINDEN
Source: MINDEN WELL #7
Basin: CARSON VALLEY
Manner of Use: MUNICIPAL
Period of Use: JANUARY 1ST TO DECEMBER 31ST
Priority Date: 05/15/1974

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, place and manner of use of a portion of the waters of an underground source as heretofore granted under Permit 64027 is issued subject to the terms and conditions imposed in said Permit 64027 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

The total combined duty of water that can be pumped by the Town of Minden from the Minden Well #7 under Permits 81146 and 81149 shall not exceed 601.75 acre-feet annually.

The total combined duty of water under Permits 81135, and 81145 through 81149 inclusive shall not exceed 1,601.75 acre-feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Pursuant to NRS 533.360(3b), the permittee shall report to the State Engineer on a quarterly basis the effect of pumping this well on other previously existing wells that are located within 2,500 feet of this well. Any pumping of water in this well may be limited or prohibited to prevent any unreasonable adverse effects on an existing domestic well located within 2,500 feet of this well, unless the holder of this permit and the owner of the domestic well have agreed to alternative measures that mitigate adverse effects.

(Continued on Page 2)

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter. The amount of water pumped for use in Douglas County Utilities northern service areas, and the amount for use in Carson City Utilities service area must be recorded and submitted as separate amounts.

The applicant shall provide a monitoring plan approved by the State Engineer documenting the impact on water levels that may result from pumping under this permit.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 1.4127 cubic feet per second or 351.75 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

September 26 2014

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

September 26 2022

Map in support of proof of beneficial use shall be filed on or before:

September 26 2022

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 26th day of September, 2012

Nevada 89423 hereby make(s) application for permission to change the
State and ZIP Code

- Point of diversion Place of use Manner of use ^{REL} of a portion

of water heretofore appropriated under (Identify existing rights by Permit, Certificate, Proof or Claim Nos. If Decreed, give title of Decree and identify right in Decree.)

Permit 64027

1. The source of water is Underground (Minden Well #7)
Name of stream, lake, underground, spring or other sources.

2. The amount of water to be changed 1.441 cfs, 358.792 afa
Second feet, acre-feet. One second foot equals 448.83 gallons per minute.

3. The water to be used for Municipal
Irrigation, power, mining, commercial, etc. If for stock, state number and kind of animals. Must limit to one major use

4. The water heretofore used for Quasi-Municipal
If for stock, state number and kind of animals.

5. The water is to be diverted at the following point (Describe as being within a 40-acre subdivision of public survey and by course and distance to a found section corner. If on unsurveyed land, it should be stated.)

within the SE¼ NW¼ Section 27, T. 13N., R. 20E., M.D.M., or at a point from which the W¼ Corner of said Section 27 bears S. 73° 02' W., a distance of 2,637 feet. (Town of Minden Well #7).

Please refer to the map on file under Application 81135 to support the Proposed Point of Diversion.

6. The existing point of diversion is located within (If point of diversion is not changed, do not answer.)

within the NE¼ NE¼ Section 33, T. 14N., R. 20E., M.D.M., or at a point from which the N¼ corner of said Section 33 bears N. 68° 38' 00" W., a distance of 2,676.00 feet. (Douglas County North Clapham Well).

Please refer to the map on file under Application 31222 to support the Existing Point of Diversion.

sub
basin
8-8-105
DO

7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)

See Attachment

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

See Attachment

9. Proposed use will be from January 1 to December 31 of each year.
Month and Day Month and Day

10. Existing use permitted from January 1 to December 31 of each year.
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

Drilled well, pump, motor, and municipal distribution system.

Existing drilled well, cased 12", 500' deep (Please refer to Well Log #26592)

12. Estimated cost of works in excess of \$100,000

13. Estimated time required to construct works Existing Town of Minden Well #7 (Refer to Well Log 26592)

If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 20 Years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

Water rights are to be changed under this application consistent with the provisions of an Interlocal Agreement between the Town of Minden (Minden) and Douglas County (County), executed January 21, 2010, which provides for the future supply of ground water by Minden through the North Douglas County and Carson City Water Line Intertie Project to the County for municipal service distribution. The County will convey ownership of the existing water rights under this application to Minden upon notice by the Division of Water Resources of pending approval of the proposed change.

Base Permit 64027 is supplemental to Permit 64994.

16. Miscellaneous remarks:

Please send copies of all notices and correspondence to Douglas County Public Works, 1120 Airport Road, Bldg. F-2, Minden, NV 89423.
